Our experience with Seeking Shalom Acres was first class. They genuinely care for the placement and care of their puppies. We recently purchased two wonderful Great Pyrenees puppies from them and could not be happier. Melody was a fantastic guide offering advice when asked and always being available to answer questions I had during the buying process. When we finally picked up our puppies and had a chance to meet Melody and her family in person, it was obvious that our new puppies had been raised with love and care. I highly recommend Seeking Shalom Acres to anyone looking for well raised and well loved Great Pyrenees puppies.
