To: All Families Interested In A Great Pyrenees Puppy

I think the world of Melody and Seeking Shalom Acres. She has been nothing short of wonderful during the whole process and afterwards as well.

Seeking Shalom Acres is very neat. Their commitment to a holistic approach has proven to be extremely successful and producing wonderful healthy animals. I favor holistic approaches generally and I couldn't be happier to learn all their unique processes.

Melody approved my family as a future GP puppy owner and from the moment we contacted her to these days (puppy is 14 months old now) she has been available for any questions or concerns I have. The puppy we got is unbelievably strong (like his birth name) and has distinguished traits. He is very protective and a teddy bear. I am not a first time GP breed owner so I can safely say this is the healthiest, strongest, most driven puppy I've had! Melody has been nothing short of wonderful to us during the adoption process, very transparent from the beginning and a very involved breeder. I can safely say I would not purchase any GP from any other breeder.

Thank you for everything you have done for us! We have been very fortunate to have found Seeking Shalom Acres!

Thank you,
