RE: Ivory

*I drove 6 hours to meet with Melody from Seeking Shalom Acres, we bought Ivory, a very sweet female going home to an older Pyr male dog on a 12 acre farm with 100 alpacas. Ivory has been a great blessing to us. She is healthy and loving, yet she loves the farm and her job! We don't live at our farm, so she and the other Pyr are the protection team for the night! She has learned how to access every pasture, every barn. She brought us her first big kill, a nice size racoon, just a few weeks ago. We love Ivory so much! What a wonderful temperament and she has grown to be a beautiful dog. I highly recommend the breeders at Shalom Acres, their dogs are taught well and treated with love and attention. We can't thank them enough for allowing us to buy Ivory for our farm!*
