Melody,

We are so glad to have found Seeking Shalom Acres when looking to adopt a Great Pyreness. You were wonderful to work with from our initial communication on your adoption process till we picked up the new addition to our family. We appreciated the information, weekly pictures and updates on the puppies development.

Immediately when we met Yeti(Zircon) we fell in love with him. He is a healthy and well adjusted puppy. Yeti quickly became a valued family member. His personality is shining through with a combination of comical and definitely mischievous. Yet he is gentle and loves playing with our grandchildren. It is obvious by Yeti that you and your family give the puppies a great start in life. We would definitely recommend you and your family to anyone looking for a Great Pyrenees.

Thank you and your family for taking such good care of Yeti!

Curt & Susan
